MANUFACTURERS OF

Architectural and Decorative Terra Cotta

OF EVERY DESCRIPTION

CATALOGUE—PART VI.

"NOT fashioned out of gold, like Hero's throne,
Not forged of iron like the thunderbolts
Of Zeus omnipotent, or like other works
Wrought by my hands at Lemnos or Olympus,
But moulded in soft clay, that unresisting
Yields itself to the touch, this lovely form
Before me stands, perfect in every part."

—*Longfellow's "Masque of Pandora."*

1885.

Boston Terra Cotta Co.

394 Federal Street.

BOSTON, Mass., May 1, 1885.

To Architects and Others:

We present this *sixth* edition of sketches, illustrating some of the uses to which Terra Cotta is applied, feeling that there is no need of any explanation; the material having become well known to the profession and the building trade, as one possessing many advantages.

The list of buildings in the fore-part, shows how extensively our work is being used throughout the country, and with our lately increased capacity we can assure our customers prompt and good service.

The illustrations in the latter part of the book will also show the style of buildings in which it has been used.

We would call especial attention to our very large assortment of Stock Patterns of *Tiles*, *Panels*, *Moulded Courses*, *Chimney-Tops*, *Wall Coping*, *Pressed Moulded Brick*, *&c.*, *&c.*

CHIMNEYS capped with TERRA COTTA TOPS have a finished appearance. The draught is greatly improved, down draught being prevented by the use of our "*Ring Top* and *Covered Flue*," and the top courses of brick being preserved from getting loose.

Walls finished with TERRA COTTA COPING are also made secure from the loosening of the upper courses, and owners will find it the *Cheapest* and *Best* wall preserver.

Decorative Work and Mouldings in TERRA COTTA require no anchors, making a perfect bond in itself; and the material, being the same as brick, clearly indicates that it is, above all, the one to use with brick.

We are also giving much attention to *Interior Terra Cotta* for *Fire Places*, *Wainscotting*, *&c.*, *&c.*

We are now manufacturing and are prepared to furnish *Hollow Brick* and other *Fire-Proof Material.*

Our show-room contains a great variety of our work, and we shall be pleased to show you what we are doing if you can find it convenient to call.

Estimates sent on application for all kinds of Plain or Ornamental Terra Cotta Work.

BOSTON TERRA COTTA CO.

Office and Factory, 394 Federal Street.
Down Town Office, 62 Congress Street.

Fire Clay Flue Linings.

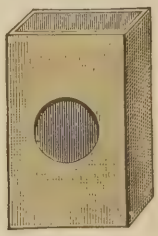

BOTH ROUND AND SQUARE.

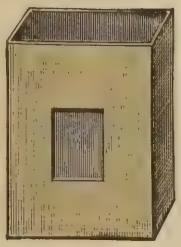

SQUARE.

AS ENCLOSED IN BRICK-WORK.

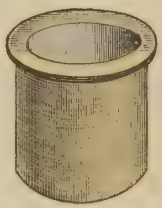

PIPE HOLE.

REGISTER OPENING.

STRAIGHT.

THIMBLE.

THESE goods commend themselves to all who examine them, and are rapidly growing into favor. Insurance Companies recognize the additional safety against fire secured by the use of these Linings, by insuring buildings thus protected at cheaper rates than they otherwise would. They effectually protect buildings from fires which originate (so frequently) from defective flues.

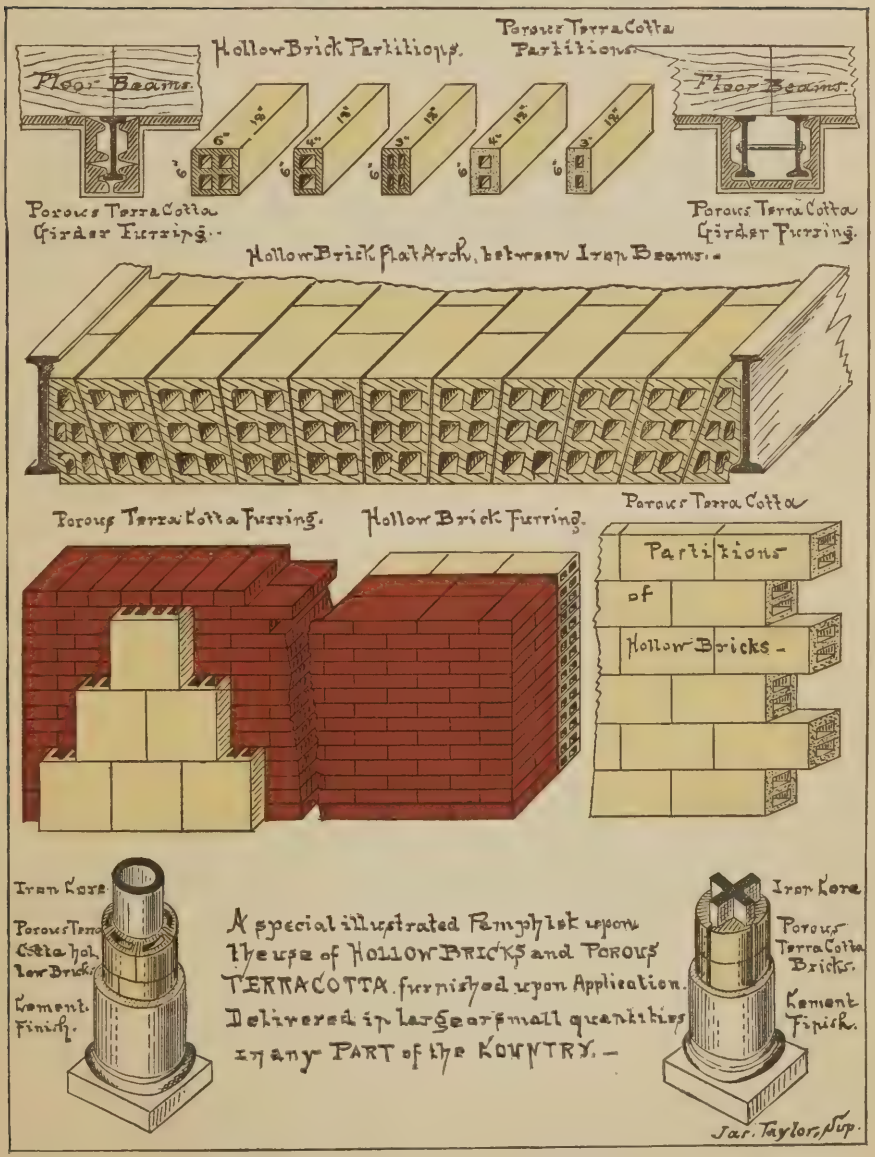

Prices governed by quantity and place of delivery.

ROUND FIRE CLAY STOVE PIPE, SIZES 6 TO 8¼ INCHES.

Boston, May 1st, 1885

— A Card —

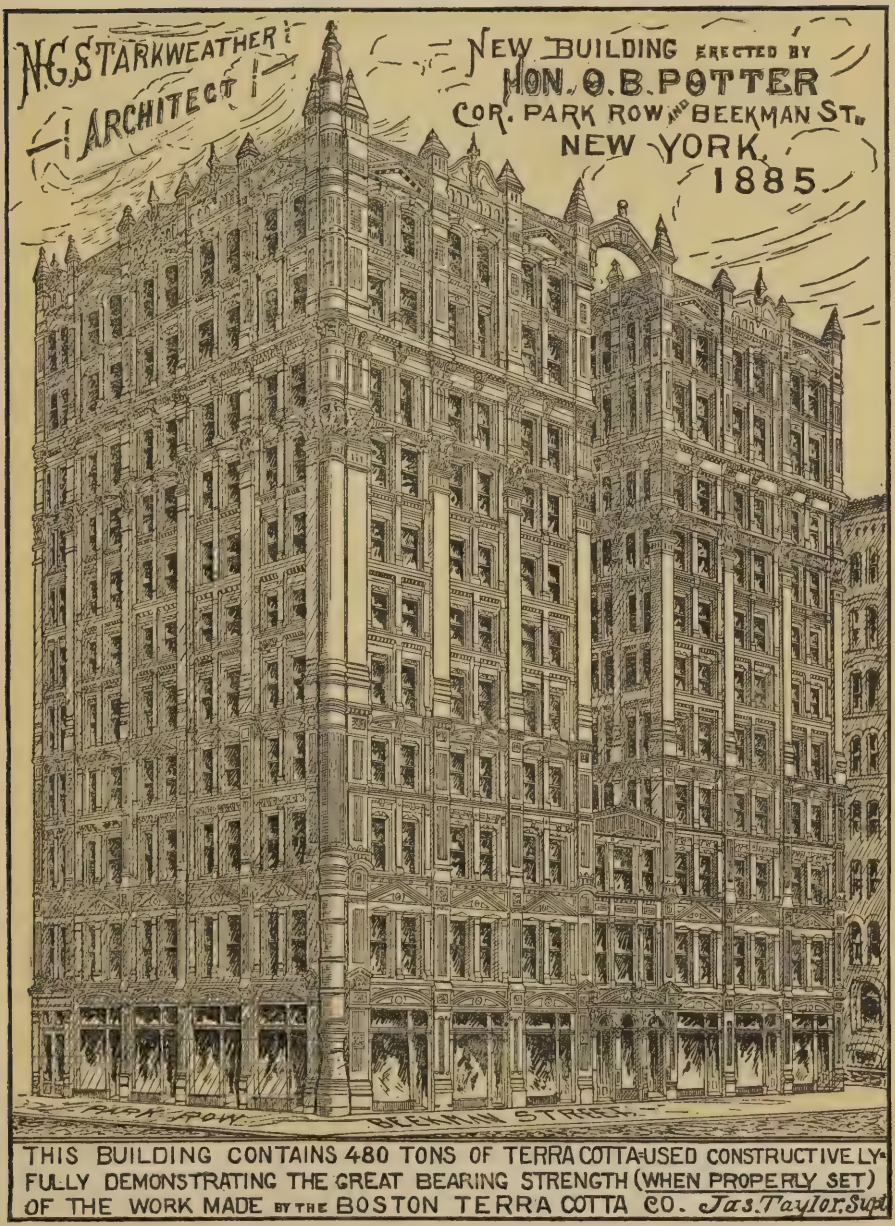

We desire to call special attention to the Terra Cotta Manufactured by us for the building just erected by the Hon. O.B. Potter, on Park Row, Nassau, and Beekman Sts. New York City. (See Illustration next page.)

We believe that nothing superior has been produced, in this or any country. It is of a light brown color, rough finish, and forms a prominent feature in the construction of the walls, from the 3rd Story to the roof. There are 480 Tons of Terra Cotta in this building, and please note, that it carries its proportion of the Entire wright of this Immense Structure!

Such practical evidence, proves beyond question, that Terra Cotta when well made, and properly set, will bear any required wright

Respectfully Submitted
Boston Terra Cotta Co.

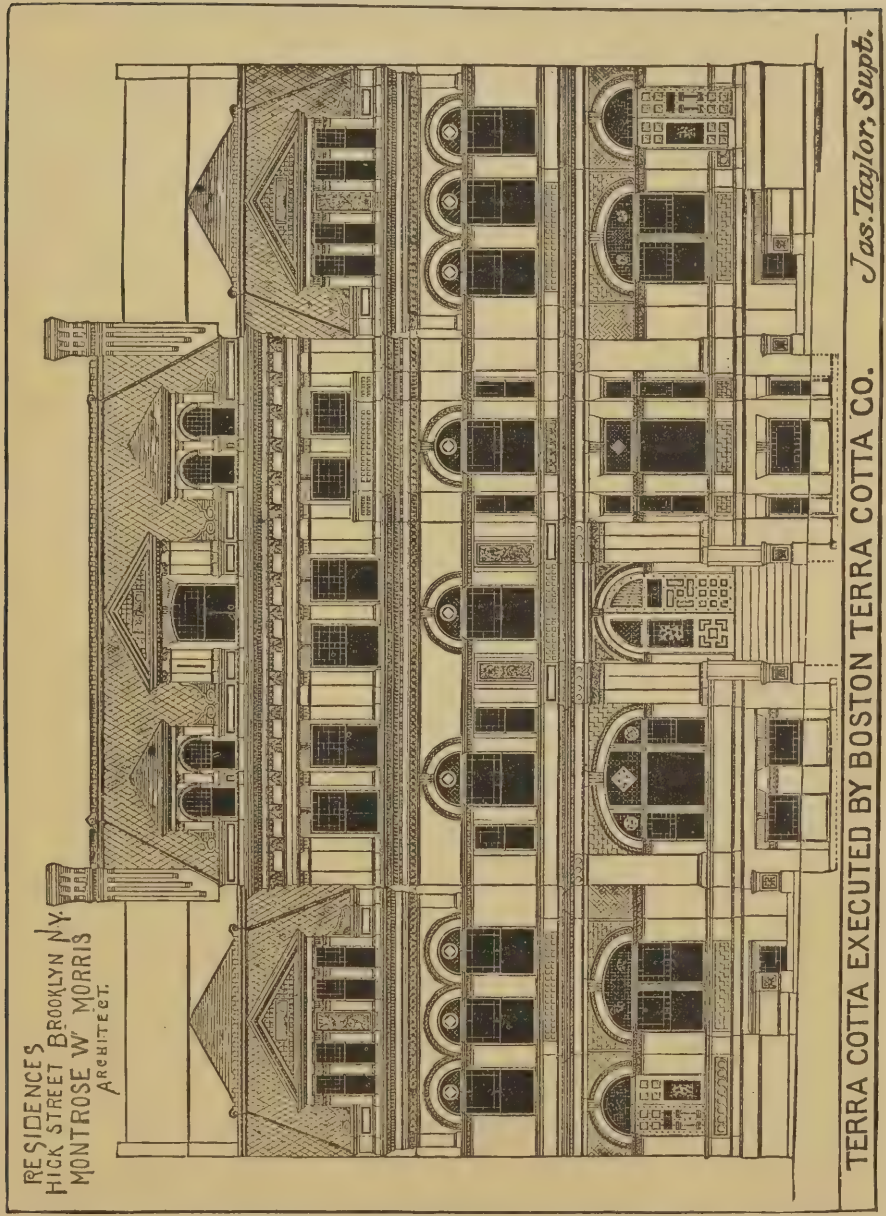

Boston Terra Cotta Co.

THIS BUILDING CONTAINS 480 TONS OF TERRA COTTA USED CONSTRUCTIVELY FULLY DEMONSTRATING THE GREAT BEARING STRENGTH (WHEN PROPERLY SET) OF THE WORK MADE BY THE BOSTON TERRA COTTA CO. *Jas. Taylor, Sup't.*
